Message from the Director

As the seasons change and cooler days arrive, Cobb PARKS is excited to welcome you to another fall filled with opportunities to connect, create, play and celebrate. This issue highlights the many programs, classes and special events happening throughout our parks and facilities.

Residents across the county can enjoy the Cobb International Festival, where cultures from around the world come together through music, dance, food and family-friendly activities. Families can also enjoy seasonal games, entertainment and Halloween fun at the Fall Festival of Fun.

There are plenty of ways to stay active this season. Our expanded tennis offerings include new classes for a variety of ages and skill levels, making fall a great time to learn the game, strengthen your skills or return to the court. Adults can also enjoy friendly competition, teamwork and exercise through our fall volleyball, basketball and pickleball leagues. Creativity will take center stage through Cultural Affairs programs and events, including Art in Motion and a variety of performances, exhibitions and hands-on arts experiences. From the studio to the stage, there are many ways to experience the arts and celebrate the talent within our community.

Whether you are joining a class, competing in a league, attending a special event, visiting a park or trying something new, we hope this guide helps you create meaningful memories throughout the season. We look forward to seeing you this fall!
